

Over and Over Again (feat. Ariana Grande)

[Nathan Sykes](#)

From the way you smile
To the way you look
You capture me
Unlike no other From the first hello
Yeah, that's all it took
And certainly
We had each other And I won't leave you
Always be true
One plus one, two for life
Over and over again So don't ever think I need more
I've got the one to live for
No one else will do
I'm telling you
Just put your heart in my hands
I promise it won't get broken
We'll never forget this moment
It will stay brand new
'Cause I'll love you
Over and over again Over and over again
From the heat of night
To the break of day
I'll keep you safe And hold you forever
And the sparks will fly
They will never fade 'Cause every day gets better and better
And I won't leave you
Always be true
One plus one, two for life
Over and over again
So don't ever think I need more
I've got the one to live for
No one else will do I'm telling you
Just put your heart in my hands
I promise it won't get broken
We'll never forget this moment
It will stay brand new
'Cause I'll love you Over and over again Over and over again
Girl when I'm with you
I lose track of time
When I'm without you You're stuck on my mind
I'll be all you need
Until the day that I die
I'll love you

Over and over again
So don't ever think I need more
I've got the one to live for
No one else will do
I'm telling you
Just put your heart in my hands
I promise it won't get broken
We'll never forget this moment
It will stay brand new
'Cause I'll love u
Over and over again
Over and over again
Over and over again
