

Levels

Nick Jonas

[Intro]

Levels, levels, levels, levels

[Verse 1]

Get on my elevator

Baby, we're going up

Give me that now and later, I can't get enough

So much to discover, please don't stop me now (Don't stop me)

Every time I touch you, you lift right off the ground

[Pre-Chorus]

Let 'em go, all the one's tryna get in the door (Oh)

I'mma go where they all couldn't go (Hey)

Up a floor, up a floor, up a floor, oh

[Chorus]

I know, we can get higher

There's levels to your love

Yeah, there's levels to your love

And I know, we can get higher

There's levels to your love

And I keep on climbing up

[Post-Chorus]

(Rooftop)

(Up-up-up, up-up-up, up-up-up)

(Up-up-up, up-up-up, up-up-up)

(Up-up-up, up-up-up, up-up-up)

(Up-up-up, up-up-up, up-up-up)

[Verse 2]

Aww yeah

Just walking up on the ceiling, dancing up on the wall

You and that drug you're dealing, should be against the law

All this heat keep rising, make you stop, drop, and roll

I'm bottling up the lightning, supernatural

[Pre-Chorus]

Let 'em go, all the one's tryna get in the door (Hey)

I'mma go where they all couldn't go (Yeah)

Up a floor, up a floor, up a floor, oh

[Chorus]

I know, we can get higher
There's levels to your love
Yeah, there's levels to your love
And I know, we can get higher
There's levels to your love
And I keep on climbing up

[Bridge (Post-Chorus in the background)]

(Rooftop)

Levels, levels, levels, levels
Levels to your love
Yeah, heaven can't reach us
Yeah, we're high-fiving Jesus
Yeah, yeah

[Chorus]

And I know, we can get higher
There's levels to your love
Yeah, there's levels to your love
And I know (I know), we can get higher (Higher)
There's levels to your love
And I keep on climbing up

[Outro]

(Take 'em to the rooftop)
Oh, levels
There's levels to your love, yeah, yeah
Levels, levels, levels, levels
Oh, oh, yeah, get on my level
There's levels to your love and I keep on climbing up
(Levels)
