

Country State of Mind (feat. Chris Janson)

Josh Turner

[Verse 1: Josh Turner]

That hot old summer sun will make you beg for your next breath

So you best be on the creek bank laid in the shade

Chewin' on a hickory twig, pass that bottle, I'll have me a swig

I ain't got a lot, but I think I got it made in the shade

[Chorus: Josh Turner & Chris Janson]

I'm just laid up here in a country state of mind

Catchin' these fish like they're goin' out of style

Drinkin' this homemade wine

Hey, if the sun don't come up tomorrow

People, I have had a good time

I'm just laid up here in a country state of mind

[Verse 2: Chris Janson]

I bet the old man's in the kitchen

He's got my kind of music on his radio

Oh, drinkin' his beer and dialin' up the request line

And Mama and old Aunt Joan

They're probably in the dining room tryin' to use the phone

Me, I'm thinkin' about that girl and later tonight, oh, yes

[Chorus: Josh Turner & Chris Janson]

I'm just laid up here in a country state of mind
Yeah, I'm catchin' these fish like they're goin' out of style

I'm sippin' that homemade wine
And if the sun don't come up tomorrow
Lordy, people, I have had a good time
I'm just laid up here in a country state of mind

[Verse 3: Chris Janson, Josh Turner]

You know the rednecks and the preppies
They're in their discos and honky-tonks
Oh, somewhere between raisin' hell and amazin' grace
Lord, I know just how they feel
You gotta get out and kick up your heels
And ain't it great to be livin' in the USA?

[Chorus: Josh Turner & Chris Janson]

Me, I'm laid up here in a country state of mind
Yeah, I'm catching these fish like they're goin' out of style
Drinkin' this homemade wine
And if the sun don't shine tomorrow
Oh, people, I have had a good time
I'm just laid up here in a country state of mind

[Outro: Josh Turner]

Hey-yodel-ayy-ee-oh, lay-ee-eh, oh-lay-ee

Ye-hoo
