

# Nice Guys Finish Last

## Cobra Starship

I was just a kid workin' for the man  
for the first time  
He said, "Listen, kid,  
you better hear my advice:  
Treat 'em like dirt  
They'll stick forever  
to the bottom of your shoe" I said, "Mr. Man, that ain't nice  
you gotta treat a girl right  
Take her out, wine and dine her,  
always be polite."  
"Kid, all good--just do you  
but soon you'll see  
she don't want no goody two shoes"  
Boy you're just a goody two,  
goody two shoes  
You're just a goody two, two shoes! You got style, you got grace,  
But kid you try so hard  
She just laughs in your face  
Yeah you're a nice guy  
With the wrong attitude  
She want a bad boy  
(Bad boys, bad boys, all we want is bad boys) I treat her bad (so bad), she loves me good (so  
good)  
And I just hate to have to tell you  
'Cause you're a nice guy  
But that just won't do  
She want a bad boy  
(Bad boys, bad boys, all we want is bad boys)  
Listen kid,  
you hear them sirens comin' for me?  
But when I get downtown  
she will already be  
Postin' bail in her favorite dress  
Smilin' at me because I'm no good You can buy her everything she likes  
And I'm sure she'll be obliged  
She'll let you steal a kiss,  
maybe even spend the night  
Kid, all good--just know that  
She'll be thinking of me  
even when she's with you Boy you're just a goody two,  
goody two shoes  
You're just a goody two, two shoes! You got style, you got grace,

But kid you try so hard  
She just laughs in your face  
And you're a nice guy  
With the wrong attitude  
She want a bad boy  
(Bad boys, bad boys, all we want is bad boys)  
I treat her bad (so bad), she loves me good (so good)  
And I just hate to have to tell you  
'Cause you're a nice guy  
But that just won't do  
She want a bad boy  
(Bad boys, bad boys, all we want is bad boys) Well, all right now  
Single ladies--yeah  
I'm gonna need your help now  
Tell us what you want us to do now,  
Tell us what you want us to do now  
I need help, girls  
You're a bad boy  
I sure need help now (help now)  
So bad--so bad  
So good--so good  
So bad--bad  
Good--good Goddamn--you got style, you got grace,  
But kid you try so hard  
She just laughs in your face  
You're a nice guy  
Wrong attitude  
She want a bad boy  
(Bad boys, all we want is bad boys)  
I treat her bad (so bad), she loves me good (so good)  
And I just hate to have to tell you  
'Cause you're a nice guy  
But that just won't do  
She want a bad boy  
(Bad boys, bad boys, all we want is bad boys) Boy you're just a goody two,  
goody two shoes  
You're just a goody two, two shoes!
