**nobigdyl.**

[Verse 1: nobigdyl.]

We were best friends up until I had to give confessions (give confessions)

With the stress, now we are gonna need some intercession

Feel the pain arise, how could I lie, night after night, by your side

All the while keepin' lies down inside

Put my vows to the side, now your eyes close tight in the night valentines

Just another day feelin' out of place and I really hate me (I really hate me)

When I see your face, then I contemplate: "What if I erase me?"

Better that than facin' the truth

Someone better waitin' for you

Someone who is faithful to you

Grab me by my face with your wedding band up against my jaw (up against my jaw)

Said, "I'm here to stay, that's for every win, that's for every loss (that's for every loss)

I can never estimate the price you pay to forgive my faults"

I said, "Baby girl, you don't have to take this"

She said, "Boy, you gon' have to face it"

[Chorus: Adam Friedman]

I wanna hold you close

I'll never let you go  
Come, let me in your arms  
I wanna hold you close

[Verse 2: nobigdyl.]

How do people get like me  
You ain't never seen a wreck like me  
You ain't ever owed a debt like me  
How you gonna save a wretch like me?  
I might be turn a bottle to a hospital  
Saw somebody carve a canyon  
In their skin, saw the Rio Grande  
Turn red, they might need a bandage  
Need a friend, I feel so abandoned (so abandoned)  
But I know, I deserve it  
I don't even wanna fight the verdict  
I don't need some kinda words I have heard  
Everyone I know  
I'm the worst and flyin' birds really kinda covet  
Scared to go 'cause I don't know what's next  
When I die, will I fly, will I love it?  
Will I pay the price for rejectin' everything You gave?  
How much does Your grace cost when I face off with my past  
And I lose the game?  
Build a sand castle outta fear and

Now I pray that You'll send a wave  
Will You renovate? Will You terminate?  
If You're even there, You just probably hate me  
Grab me by my hand and I felt the spirit movin' my heart  
Said I'll live again and that all I did is nailed to the cross  
I could never estimate the price you pay to forgive my fault then  
I said, "Lord, I could not repay this"  
He said, "Boy, you gon' have to face it"

[Chorus: Adam Friedman, nobigdyl.]

I wanna hold you close (Wanna hold you close)  
I'll never let you go (Never let you go)  
Come, let me in your arms (Let me in your arms, yeah)  
I wanna hold you close  
I wanna hold you close  
I'll never let you go  
Come, let me in your arms  
I wanna hold you close
