Heartbreaker (feat. John Legend)

MSTRKRFT

Remember when I caught your eye you gave me rainbows and butterflies we did enjoy our happiness? when our love was over I was such a messI smiled at you and you smiled back that's when I knew there's no turning back you said you loved me and I did too now though it's over I still love you you're in my mind you're in my heart I wish I knew right from the start all my friends said you break my heart A heartbreaker right from the startI tried to fight it I tried so hard and every day I pray to god that you and me were meant to be but you had another you had a lover And now is gone I don't know why I feel like crying just want to die I can't look at you and you know why no, I tried so hard to catch your eyeyou're in my mind you're in my heart I wish I knew right from the start all my friends said you break my heart A heartbreaker right from the startyou're in my mind you're in my heart I wish I knew right from the start all my friends said you break my heart A heartbreaker right from the start
