

Tennessee

The Wreckers

[Verse 1]

I never had all the answers
I never had enough time
But I sure had all the reasons
Why you weren't what I wanted to find

[Verse 2]

I never laid all my cards out
You just wanted to play
The king, he waited on my doorsteps
While the joker and me went on our way

[Chorus]

Maybe I was much too selfish
But baby, you're still on my mind
Now I'm grown and all alone
And wishing I was with you tonight
'Cause I can guarantee
Things are sweeter in Tennessee

[Verse 3]

These days everything is all business
Never in one place for too long
But there's no lack of arms around me
But I still wonder if somewhere I went wrong

[Chorus]

Maybe I was much too selfish
But baby, you're still on my mind
Now I'm grown and all alone
And wishing I was with you tonight
'Cause I can guarantee
Things are sweeter in Tennessee
In Tennessee

[Bridge]

And I'd wish on every star in the southern sky
For that man and our life if I did not think that

[Chorus]

Maybe I was much too selfish
But baby, you're still on my mind
Now I'm grown and all alone
And wishing I was with you tonight
'Cause I can guarantee

Things are sweeter in Tennessee

[Outro]

Yes, I guarantee

Things are sweeter in Tennessee
