You say that I'm toxic, I ain't had lots of choices
Just give me brains in the projects
Baby, I am not your boyfriend
Look I ain't got time, but you can book by the appointment
And I ain't gon' lie, I used to be shy, believe me
Shimmy shimmy ya, shimmy yay
Bitch, I feel like ODB
Bitch I'm so awesome even Ray Charles can see me
Hoe stop crying, nobody said life would be easy
And I'ma get mine, I'ma get mine, yeah
You see what you just made me do?
Look what you made me do nigga
Look what you made me do nigga Ready to what?
Never been giving a fuck, living it up
Put em, putting em up
Nigga forgive if you want
Niggas will front
Imma deliver the tons
Imma just kill em and run
Word to my son
Niggas, they've never been wrong
Imma go take you to do what ain't never been done
Bitch you ready or what?
Bitch, I've been ready to thump, ready to knock
I bet you taking the fun, I bet you been prayin' I fall and that I never get up
Bitch I would never give up
Killin' em dead in the middle my ghetto, we're up
Niggas ain't never been wrong
Imma go take you to do what ain't never been done (Joyner)
Holla
Lot of niggas envy, you just want every dollar
I'm trying to be friendly, I don't want any drama
So please don't tell me that I have to empty the barrel
My nigga you crazy, look at what you made me do
Nigga you crazy, look what you made me do
Nigga you crazy, look what you made me do This the flyest shit I ever heard in my life

This the type of shit that make you pull up outside like bitch
Why you bending my line
I ain't tryna fuck your nigga he ain't even my type
Told my brother that I love him then I put the phone down
Gotta be rollin' with the bruddas that be in the ghost now
Talking about making money and I'm spending your money
But spending hella money is the only way your going now
Yo these private conversations got me thinking out loud
Used to queue up out front, I come through the back now
Dear mama, all I wanted was to make you proud
That's why I never fucked a broke nigga on a rebound
Now my den is nowhere south of land shore
Killa for pussy in a 8 inch boat
Maraga fly in a sky, my yacht
Chat come on don' wanna look like yo
Fuck with me nigga, I've been putting London on the map
Ain't it funny I'm the first female ting, mad
Imma do it, watch me fuck it up and go ham
Gettin keys oversea just so I can bring it back
I ain't talking bout no coke bitch, I'm on about the crack
I ain't even have to pay, all I had to do was rap
Imma let that line breath, mute that
I'm gettin keys oversea just so I can bring it backPoison
You say that I'm toxic
I ain't had lots of choices
Just give me brains in my ride
And baby I am not your boyfriend
And I ain't got time
But you can book by the appointment
And I ain't gonna lie, I used to be shy
Lot of niggas envy, you just want every dollar
Yeah I'm tryna be friendly, I don't want any drama
Please don't tell me that I have to empty the barrel
Goddammit you crazy, look what you made me do
My nigga you crazy look what you made me do
Nigga you crazy, look what you made me doYo wassup, this is Joyner
I'm unable to take your call right now
Leave me a brief message and I'll get back to you, peaceHello...Hello? Joyner
