

Celebrate (feat. Rico Love)

Wiz Khalifa

Uh, smoke weed everyday Young nigga's get rich
Rich nigga's gon' ball
Young nigga's ask prices
My nigga's buy it all
Rockin' shit that's foreign
Driving cars brand new cars
Youngest nigga in charge
Now your bitch at large
Hol up, what they sayin'
OG Kush in my plane
Diamonds all in my chain
Young nigga doin' his thing
Young nigga gon' stunt
Buy whatever he want
My section very important
Come through the back, not the front (oh!)
Smokin' and flying
No drinking and driving
I ball till I fall
No need for retiring
You nigga's stessed out
My nigga's just chillin'
Young nigga's in the building
Young nigga's get millions
And I want to celebrate
Celebrate living
I could've been dead
I could've in prision
So Imma celebrate
Celebrate ballin'
Back then I had no fault
Now all these bitches callin'
Smoke, drink, blow checks
Rolex, more sex
Cause I can afford it
I fucked around and just bought it
So I want to celebrate
Celebrating living
Celebrate living
To the car, we livin'
Rich nigga's go hard
Never wanna be broke

Broke nigga's just hate
Never wanna be rich
Rich nigga's buy it all
Buy it all for the clique
Buy it all for my dogs
You buy it all for a bitch
Broke nigga's be jokin'
Little nigga's need coaching
Them bottles aren't even open
Homie, that ain't the shit
My chain shit on your car
My rolex fucked your bitch
My chain shit on your car
My rolex fucked your bitch
Just came home from tour
Half a mill when I'm bored
Y'all nigga's can't afford it
Rich nigga's want more
Y'all nigga's tapped out
Rich nigga's want more
Bitch nigga I'm ballin'
Rich nigga, I'm Mike Jordan And I want to celebrate
Celebrate living
I could've been dead
I could've in prision
So Imma celebrate
Celebrate ballin'
Back then I had no fault
Now all these bitches callin'
Smoke, drink, blow checks
Rolex, more sex
Cause I can afford it
I fucked around and just bought it
So I want to celebrate
Celebrating living
Celebrate living
To the car, we livin'
