

# Put Me Back Together (feat. Kiiara)

## Cheat Codes

[Verse 1]

I never met nobody  
Who sees the stars the way you do  
Nobody that can love me  
When I'm stumbling 'round the room  
You put your hands on my body  
And you give me that room  
And I know that you got me  
When I'm falling into you[Chorus]  
You take me high when I'm dropping low  
And you show me places I never know  
Even when we just running 'round town getting stoned  
Boy, you put me back together again  
A Coca-Cola Hennessey  
Everybody says you're no good for me  
But you're my fucked up remedy  
Boy, you put me back together again

[Post-Chorus]

Put me back together again[Verse 2]

When you're lying with me on the car hood  
Sharing Swisher Sweet dreams  
You make me feel so classy  
Like I'm an L.A. queen  
You don't care that I'm broken  
You don't care that I'm me  
You just say that I'm golden  
Like a Jesus piece[Chorus]  
You take me high when I'm dropping low  
And you show me places I never know  
Even when we just running 'round town getting stoned  
Boy, you put me back together again  
A Coca-Cola Hennessey  
Everybody says you're no good for me  
But you're my fucked up remedy  
Boy, you put me back together again

[Post-Chorus]

Put me back together[Chorus]

You take me high, I'm dropping low  
And you show me places I never know  
Even when we just running 'round town getting stoned  
Boy, you put me back together again  
A Coca-Cola Hennessey

Everybody says you're no good for me  
But you're my fucked up remedy  
Boy, you put me back together again[Outro]  
Boy, you put me back together again  
Boy, you put me back together again
