

Far Gone (feat. Lil Baby)

Ski Mask the Slump God

Yuh, oh my, oh my
Hah! Yah! Hah!
M-M-M-Murda
Huh, huhUhm, are you feeling me?
Can you feel it, ayy?
I been lost for days, stuck in my brain
Like reptilian, cold heart that I'm carrying
Fell off with every man, tryna give me brainNo, it's not up for debate
Ayy, ayy, ayy, ayy, ayy
'Cause I know there is no escape
Ayy, ayy, ayy, ayy, ayy
Like a dinner roll out on my plate
Ayy, ayy, ayy, ayy, ayy
I'm trapped in my mind on a date
Ayy, ay-ayy, ayy
Can we race?
Lamb talk, she wanna marry like Kate, uh
It be hard for me to make a bitch date, uh
I've been focused, I'm so grown
I don't like to wait, uh
Tall grass, yes I know
Around me be some snakes
Haul ass always movin' so I like to pace
Soulja Boy, I tell them that they out of date, uh
Instinct animal bitch, yes I hibernate
Chucky doll told them, bitch
Yes come out and play
Um so to say, Transformer I'm Bumblebee
Wish I really was Decepticon
But I don't got no evil in me
Can't comprehend what you say
That girl always on her knees
So like an episode of SpongeBob
That bitch be like no way
No, it's not up for debate
Ayy, ayy, ayy, ayy, ayy
'Cause I know there is no escape
Ayy, ayy, ayy, ayy, ayy
Like a dinner roll out on my plate
Ayy, ayy, ayy, ayy, ayy
I'm trapped in my mind on a date
Ayy, ay-ayy, ayyI've been waitin', hard vacay

Will you hold my hand in the rain?
Feel misconstrued and confused
Like a wild toucan in the zoo
Oh, sensei
How I've been kicking shit
Feel like Bruce Lee
Youngest fucking flexer, no Lil Tay
I get bread like a fool, jar of mayonnaise
I say ayy, like okay take out on cake
Like an anime
One Punch in the pussy, like an anime
A1 Sauce no steak
Okay, hit it on low, foot brake
Didn't know her name
Chilling in the hills, LAUhm, are you feeling me?
Can you feel it, ayy?
I been lost for days, stuck in my brain
Like reptilian, cold heart that I'm carrying
Fell off with every man, tryna give me brainNo, it's not up for debate
Ayy, ayy, ayy, ayy, ayy
'Cause I know there is no escape
Ayy, ayy, ayy, ayy, ayy
Like a dinner roll out on my plate
Ayy, ayy, ayy, ayy, ayy
I'm trapped in my mind on a date
Ayy, ay-ayy, ayyI've been up for days, I've been goin crazy
Only sex in bed, it's okay
This another wave, bought another chain
Bought another ring, I'm on fleek (I'm on fleek)
This ain't Lil' Xan, I got hits for days
Every time they play, they press repeat (Press repeat)
We tote sticks for real, not for Instagram
When the pressure on we gon' eat (We gon' eat)
I gotta stick to the code
I can't switch it up too much, I'm a goat
These boys for real, I ain't sellin' my soul
I pop a Addy and hop in the
Ghost and pour me a four
Scroll on the 'Gram, tryna catch me a ho
They listen up when I speak, I'm the pope
I'm the one still in the streets, give 'em hope
Never turn on 'em, my niggas an' them, nopeUhm, are you feeling me?
Can you feel it, ayy?
I been lost for days, stuck in my brain
Like reptilian, cold heart that I'm carrying
Fell off with every man, tryna give me brainNo, it's not up for debate
Ayy, ayy, ayy, ayy, ayy
'Cause I know there is no escape
Ayy, ayy, ayy, ayy, ayy

Like a dinner roll out on my plate
Ayy, ayy, ayy, ayy, ayy
I'm trapped in my mind on a date
Ayy, ay-ayy, ayy
