

Shot Through the Heart

Bon Jovi

[Intro]

Shot through the heart
It's all part of the game we call love

[Verse 1]

Would you be content to see me crying
After all those little games you put me through
After all I've done for you you're lying
Wouldn't it be nice to tell the truth

[Chorus 1]

Didn't somebody somewhere say
You're gonna take a fall
I gave you everything
Now here's the curtain call

[Chorus 2]

And I'm shot through the heart as I lay there alone
In the dark through the heart
It's all part of this game that we call love

[Verse 2]

Now you've come back here to say you're sorry
I just don't know who you're talking to
It could be the man I used to be, girl
I've grown up and now I'm over you
Standing there just a live wire
With nowhere left to turn
You were gonna set the world on fire
But you never learn

[Chorus 2]

That I'm shot through the heart as I lay there alone
In the dark through the heart
It's all part of this game that we call love

[Chorus 1]

Standing there just a live wire
With nowhere left to turn
You were gonna set the world on fire

But you never learn?
Now you're shot

[Verse 3]

Baby does what baby please
And baby must have what she sees
But not this time, the tables turned
And baby, you just got burned

[Chorus 2]

Shot through the heart as I lay there alone
In the dark through the heart
It's all part of this game that we call
Shot through the heart as I lay there alone
In the dark through the heart
It's all part of this game that we call
Shot through the heart as I lay there alone
In the dark through the heart
It's all part of this game that we call love
Shot, shot, shot
Shot, shot, shot
Shot, shot, shot
