

Lost Me (feat. Lil Mosey, iann dior & Lil Skies)

Internet Money

E-Trou got the fucking juice!

Ooh-oh, oh

Perfect!

Internet Money, bitchHey, when I hopped up in a Wraith that's when you lost me

I been to the bank, I'm lookin' saucy, yeah

I don't need no bit', can't do nothing for me

My brother did a race and now he totin'

You don't know me, ridin' with my niggas or I'm ridin' by my lonely

Pistol totin', my bro shot him in the face, he feelin' like he Kobe

When I first blew up, that's when you lost me

New chain, don't care what it cost me, yeah

Blew up in your face, you lookin' salty

Got your main on my line, I left her calling, yeah

And I can never change. I'ma stay the same

Ain't got no time for games, oh

Dealin' with the fame, gettin' to my brain

Smokin' in the WraithWhen I hopped up in a Wraith that's when you lost me

I been to the bank, I'm lookin' saucy, yeah

I don't need no bit', can't do nothing for me

My brother did a race and now he totin'

You don't know me, ridin' with my niggas or I'm ridin' by my lonely

Pistol totin', my bro shot him in the face, he feelin' like he Kobe

If you lookin' I'm around with the grey

Fuck fame, I'm just tryna get paid

But I hurt and get out of my face

Was at my worst but I found a way

I'm a big scammer, rockstar with a hammer

Three gram, wood, big gas, no 'bama

Bad bitch with me, take her home, I slam her

Eighty a dance for you, bro, 'bout to slam herWhen I hopped up in a Wraith that's when you
lost me

I been to the bank, I'm lookin' saucy, yeah

I don't need no bit', can't do nothing for me

My brother did a race and now he totin'

Huh, you don't know me, ridin' with my niggas or I'm ridin' by my lonely

Pistol totin', my bro shot him in the face, he feelin' like he KobeBall out like Ginobili

I don't know you, nigga, how you know me?

Not my brother, you too phony

I be on my grind just like I'm Tony

Write my pain when I write these songs

And when I sing it they gon' sing along

I took some time, I guess I needed space

You say you got a problem, say it to my face
Yeah When I hopped up in a Wraith that's when you lost me
I been to the bank, I'm lookin' saucy, yeah
I don't need no bit', can't do nothing for me
My brother did a race and now he totin'
When I hopped up in a Wraith that's when you lost me
I been to the bank, I'm lookin' saucy, yeah
I don't need no bit', can't do nothing for me
My brother did a race and now he totin'
Huh, you don't know me, ridin' with my niggas or I'm ridin' by my lonely
Pistol totin', my bro shot him in the face, he feelin' like he Kobe
