

# I Know You All over Again

**Trixie Mattel**

And I don't smell you in my sheets  
And I don't hear you in the hall  
Without your cologne  
Your calls on the phone  
I don't know you at all

And I'm growing older  
I know that we're over  
The way we'd always have been  
And then I see you...  
And I know you all over again

And I don't leave you in the night  
And I don't up and go away  
No green in your eyes  
Or teary goodbyes  
No one cries on the plane

I know I'm adjusting  
I know I should just think of going  
And not where I've been  
And then I see you...  
And I know you all over again

Is it wrong if I listen to songs that we've lived and  
The stories are staying the same  
I lie by the speaker  
Just getting weaker  
Until I remember your name

And I don't call you when I cry  
And I don't stay the day in bed  
Mostly I'm fine  
Most of the time I get by, like I said

I haven't been drinking  
I haven't been thinking  
Of lonely "if only"s and then...  
And then I see you...  
And I know you all over again  
And then I see you...

And I love you all over again
