Your Love

David Guetta & Showtek

Oh I can speak, is that truth Anyone can see there's a fire in you

Comin' at you hurry

If you wanna be free

Show me your love

Show me your loveOh I can speak, is that truth

Anyone can see there's a fire in you

Comin' at you hurry

If you wanna be free

Show me your love

Show me your loveOh I can speak, is that truth

Anyone can see there's a fire in you

Comin' at you hurry

If you wanna be free

Show me your love

Show me your love

Show me, show me your love

Show me, show me your love

Show me, show me your love

Show me your loveShow me your love

Show me your love

Show me your love

Show me your loveOh I can speak, is that truth

Anyone can see there's a fire in you

Comin' at you hurry

If you wanna be free

Show me your love

Show me your love
