

Elevator

David Archuleta

Woah, oh oh, oh I had a dream last night
I didn't know which floor to get off on, hey
The doors, they opened on 4 and 5 and 6
And you were gone, all gone I didn't understand
I didn't wanna know
At least I took a chance
I had to let it go Elevator goes up
Elevator come down
And you just go with the flow
Until your feet are back on the ground
It's an endless ride
Sometimes it takes you up
Sometimes it tears you down inside
But it's the butterflies
That keep you feeling so alive, so alive
You gotta get back that high And in my dream last night
The doors they finally shut
And I was there, somewhere
Alone in my reality inside an empty box
That's filled with air, but I don't care, no Next time I'll get it right
Next time I'll be okay
I'll have a different dream tonight
Tomorrow's another day
Elevator goes up
(Elevator goes up)
Elevator come down
And you just go with the flow
Until your feet are back on the ground It's an endless ride
Sometimes it takes you up
Sometimes it tears you down inside
But it's the butterflies
That keep you feeling so alive, so alive
You gotta get back that high You'll never know
What you're gonna get
What you don't expect will come and find you
If you laugh or cry, if you run and hide
But it's all right Elevator goes up
Elevator come down
And you just go with the flow
Until your feet are back on the ground
It's an endless ride Sometimes it takes you up
Sometimes it tears you down inside

But it's the butterflies
That keep you feeling so alive, so alive
You gotta get back that high
