

Money Make the World Go Around

G-Unit

Money make the world go 'round
Money make the world go 'round
Money make the world go 'round
New York, money make the world go 'round L.A., money make the world go 'round
Midwest, money make the world go 'round
Down South, money make the world go 'round
Southside, money make the world go 'round Some people want nothin' out of life
And some people want it all
Some people ain't livin' life right
But fast money make God call I'm prayin' to the angels but worship the devils
Yeah, a nigga rich but I'm livin' like a rebel
Ridin' with my strap on, foot on the pedal
Them silly beef raps, now they on another level, level
I grew up on a crop side, the New York Southside
Stayin' alive was no jive
Standin' on the strip you get stuck like Velcro
Jake jump out, you see heads and elbows Run, nigga, run, nigga, here they come, nigga
Throw that pack nigga, toss that trigger
Kid, I'm still in the P's, girl, I love the Audi
If yo' ass pregnant, girl, leave the party My stashbox so big, it could move the shotty
God, it ain't my fault if I shoot somebody
I ain't in it to lose, I'm in it to win
Sex, money, murder, take the safety off my sins, yeah Money make the world go 'round, you
better get it
Money cause hatred as soon as you get it
Money make whores, money cause wars
Money make the world go 'round so get yours
Yeah, money make the world go 'round and I got her
Buckle down, do anything for the dollar
Enough bills'll make your blood spill
Kill for bread, anyone will from Queens to Gun Hill I'm one man but I own more than one steel
Shiny trey-pound, black 9-mil
Magucci leather got me shoe crazy
Quarter mil' vehicle and I'm a oops, baby And if I'm wearin' my chain it's 380
Like Fat Joe, nigga, you crazy?
Man, fuck friends, this T-dot-O-dot-S
Have it how you want, speed knot or pop chess Police stompin' niggaz by the twenty
And shootin' by the fifty, ain't a damn thing funny
Matter fact, man, I'ma do anything for the dough
N.Y.'s finest with llamas and mo' Money make the world go 'round, you better get it
Money cause hatred as soon as you get it
Money make whores, money cause wars

Money make the world go 'round so get yours
 Money make the world go 'round, you
 better get it
 Money cause hatred as soon as you get it
 Money make whores, money cause wars
 Money make the world go 'round so get yours
 ATL, money make the world go 'round
 Ca\$hville, money make the world go 'round
 N.C., money make the world go 'round
 Bad News, money make the world go 'round
 I love that money, I need that money
 It gives me shelter, it's there when I'm hungry
 It feeds my kids, it fills my fridge
 It pays my bills and the mortgage on the crib
 It keeps me icy, it make hoes like me
 It gives me seats at the Garden next to Spike Lee
 It made me rich, it made me change
 I seen a lot of places and bought a lot of things
 You got me haters, you got me drama
 You paid for the lawyers, you paid for the llamas
 You make niggaz goners, you rule all the corners
 When somebody dies, you gotta pay the mourners, mourners
 Money make the world go 'round
 round, you better get it
 Money cause hatred as soon as you get it
 Money make whores, money cause wars
 Money make the world go 'round so get yours
 Money make the world go 'round, you
 better get it
 Money cause hatred as soon as you get it
 Money make whores, money cause wars
 Money make the world go 'round so get yours
 Chi-Town, money make the world go 'round
 Oakland, money make the world go 'round
 Texas, money make the world go 'round
 Detroit, money make the world go 'round
 Bed-Stuy, money make the world go 'round
 Southside, money make the world go 'round
 Harlem, money make the world go 'round
 B-X, money make the world go 'round
 Staten Island, money make the world go 'round
 Long Island, money make the world go 'round
 Rhode Island, money make the world go 'round
 Maryland, money make the world go 'round
 D.C., money make the world go 'round
 Baltimore, money make the world go 'round
 Little Rock, money make the world go 'round
 Minnesota, money make the world go 'round
 Arizona, money make the world go 'round
