

Best Seat in the House

LoCash Cowboys

I could see you every time I close my eyes
And I feel you in my heart
And I hear you in my mind
Saying I'm right here
When things get rough
And when I fall down
You still pick me up
Remind me how everything's gonna be just fine
From my first step in the living room
Through all the little league games
It was always you
On the front row
Letting everybody know
That's my boy
Just watch him go
You were shotgun
When you taught me how
To drive your truck on the edge of town
I know somewhere just above the clouds
You still got the best seat in the house
From where you're sitting I bet you're getting a pretty
good laugh
Watching me tryna cut back
From a boy to a family man
Sometimes I don't know what to do
But I make it through
Cause I just do what I think you'd do
It's like you're holding my hand
From the 50-yard line on Friday nights to
My senior prom
Graduation day I can hear yell,
"That's my boy"
Proud as hell
From the front peer on my wedding day
With the biggest smile in the whole damn place
I know somewhere just above the clouds
You still got the best seat in the house
From the front steps of the pearly gates
I swear sometimes I can hear you say
"Come on angels gather round"
That's my by now ain't you proud
And I point up into the sky
It don't matter day or night
I know somewhere just above the clouds
My old man is watching me right now
Form the best seat in the house

Yeah I know you're looking down
From the best seat in the house
