

Keep It Up

Snap!

Like a monsoon, typhoon stormin' in the worst way
Hear to say no play, hear what I say?
Not going out 'cause I got it goin' on
Intense, scary like a fog horn
Strong renegade, cannot be slaved
You want to rat me
A is my grade
Move to groove to manipulate a pro
You takin' 'em out
With a rock hard body blow
With a rock hard body blow
With a rock hard body blow
With a rock hard body blow
Quick on the draw
Shoot for the jaw
Cold to the bone
Rebel stand tall
Ask for nothing
Earn what I'm giving
Take what I want
Large I'm living
Ring the bell
Feel the vibrations
Straight for the kill
Professed stimulation
Calculation for the situation at the end
It's called a conviction Keep it up, keep it up, keep it up,
Yea
Keep it up, keep it up, keep it up,
Ooo
Make you sweat, threat
Like a hydroid, piss on your mom, like you were Android
Land lord will fight us
Others are my tenants
I'm hard, I said it, You know that I meant it
I control your soul, Cole, because adrenalin
Feels good like a climax
Pull into your motion, oh cliché
Come out boomin' is what I say
That's what I say Keep it up, keep it up, keep it up,
Yea
Keep it up, keep it up, keep it up,

Ooo
Keep it up
