

Cyber Sex

Doja Cat

I wanna touch on you (On you)
You see me in my room (My room)
Wish you were here right now (Right now) All?of?the things I'd?do
I wanna get freaky on camera
I?love when you get freaky on camera We freak on the cam
Love at first sight, send a link to the 'gram
Pussy all pink with a tan
And I play with it 'til my middle fingers are cramped up
Swipe right 'cause he thick and he handsome
Love a sneak peek when you freak, can we cam up?
No shot to the screen, put your hands up
Make it pop in your face like a Samsung
And that's my nigga, better yet, that's my hitta
He don't lick goons and if you do you could go missin'
Met him on tinder, he just swiped left on bitches
And he don't even scroll through insta'
'Less he going through my pictures I wanna touch on you (On you)
You see me in my room (My room)
Wish you were here right now (Right now)
All?of?the things I'd?do
I wanna get freaky on camera
I?love when you get freaky on camera Is you into that?
(Into that, is you into that? Uh-huh)
Let's break the internet
(Internet, on the internet, oh-oh)
We do it, the best
(It the best, doin' it the best, uh-uh)
When we have cybersex
(Cybersex, havin' cybersex)
Oh-oh
When he off work, he calling me on Skype (Yeah!)
Trust me when I meet him, I'm fucking him on sight
Lemme see you can beat it, I'm feelin just like Mike
Huh-oh, stuff that 'til I drown in all of your kids
Can't scroll down 'cause some of them dicks
Nigga, my parents going through my shit (My shit, my shit) Huh-oh, can't give head, you give
me the facetime
Nigga, you a creep, I saw you on Dateline
You ain't gettin pussy, you fucking an A.I
Huh-oh, what a time to be alive
Living in the future, blinging on my hotline I wanna touch on you (On you)
You see me in my room (My room)

Wish you were here right now (Right now)
All?of?the things I'd?do
I wanna get freaky on camera
I?love when you get freaky on cameraI wanna touch on you (On you)
You see me in my room (My room)
Wish you were here right now (Right now)
All?of?the things I'd?do
I wanna get freaky on camera
I?love when you get freaky on cameraIs you into that?
(Into that, is you into that? Uh-huh)
Let's break the internet
(Internet, on the internet, oh-oh)
We do it, the best
(It the best, doin' it the best, uh-uh)
When we have cybersex
(Cybersex, havin' cybersex)
Oh-oh
