

Ali Rap Theme

Public Enemy

Im young, im handsome, im fast im pretty and can't possibly be beat(Chuck D)

My son rises at the east off Kentucky Fried streets

Cest ashuffle?? the feets match the beats

Get used to me though like a fantasy

Strong in reality molded from clay in the alley

Whether the whole world was a stage or a ring or a alley

Stood up for the hood of a power to the rally

Stand up for rights left the Congress

Right heres to the man who never left

Muhammed Ali dont take no mess

Black inspiration to the whole rest of the nation

and the rest of the world shook up the world

All the men, women boys and the girls

Allow acbau?? is to who 'cause

God is good and God is cool

Thats all that is just dont get it confused

Get used to me so what's my name fool?

(Oh My Goodness! Its Muhammed Ali! Im The King!)

Holds his hands too low, dance too much

talks too much yeah yall could call it what you want

Cant feed me then you dont need me

Dont squeeze me cant house me but never doubt me

Till im gone to the break of dawn

Revelution in the house uhh rock onRumble cmon your man Rumble

Im Gone! (Sunny and George) in the jungle

Down goes racism gotta beg my legs

Thin line between a athlete and a slave

Beyond a box changed the whole game

Get used to me now whats my name?

(AAAAAAAAAAAAALIIIII!)

Refused to lose talk too much to lose

Can I box and gas in the anti-war stance?

Im in no circumstance see a damn thing wrong

With Vietnam in his words "Viet-Kong"

So here goes the Ali circus closed circuit

Call it what you want 'cause were gonna work it

In order to lead the people you gotta love the people

To save the people you gotta serve the people

To teach the people you better reach the people

The Greatest of All-Time power to the people

Caudrun Analysis power of the fist

Can you get with this swung arm slip you happen to miss

They converted to those that never heard it
The burden is disturbing history is hurtin
Even let Goshow get a word in on the action
Heres a whoopin on Mass Distraction c'mon!
(AAAAAAAAAAAAALIIIII!)
