

# You Deserve It

## Future

[Intro]

Ayy, man, I'm pullin' out the mo'fuckin Ritz the other day  
Man I pull up on my Potnah Beano  
You know what I'm sayin'? Real boss nigga  
He like Future, "You deserve that shit nigga"

[Chorus]

You deserve it  
You deserve it  
You deserve it, Future  
You deserve it  
You deserve it  
You deserve it  
You deserve it, Future  
You deserve it  
I done paid so many dues, I never lose my cool  
Just the other day, my lil' cousin call me from school and said  
You deserve it  
You deserve it  
You deserve it, Future  
You deserve it  
(Turn up)

[Verse 1]

Ain't asked for this, I work for this  
I was in the dungeon, just purchasing  
Catch the juugins, I paid attention  
Know how I'm living, my slang tremendous  
I'm better than you and I know it  
I will show it  
You ain't flowing how I'm flowin'  
That's why I'm goin'  
Places you ain't goin'  
I'ma keep goin'  
And goin' until I'm growin'  
To a mogul, come up with explosive  
I pick that up from rico  
My cousin had my back from day one, mano y mano  
I believe in keepin' it one thousand and stayin' humble  
You're right, I told to take the route through the jungle

Keep the same integrity when I was standing on the corner  
Hit the studio, and spit that crack of heavy on 'er

[Chorus]

You deserve it  
You deserve it  
You deserve it, Future  
You deserve it  
You deserve it  
You deserve it  
You deserve it, Future  
You deserve it

I done paid so many dues, I never lose my cool  
Just the other day, my lil' cousin call me from school and said

You deserve it  
You deserve it  
You deserve it, Future  
You deserve it  
(Turn up)

[Verse 2]

I go so fucking hard, 'til my heart skip a beat  
I always been expensive, ain't nothing about me cheap  
I'm the realest nigga you ever seen  
Since Michael Jackson – Billie Jean  
All this pain can't even rappin'  
Sometimes I feel like I wanna sing  
My passion (My passion)  
It goes without me saying  
The fruits of my labor I laid down a solid foundation  
You water a seed too long and it'll grow  
You stay down and grind for long and it's gon' show  
It brings water to my eyes just to hear me on the radio  
You would not understand the route I had to take to get here so  
I worked for this (I worked for this)  
It didn't come easy (It didn't come easy)  
Now people hit me up and say these rappers cheesy

[Chorus]

You deserve it  
You deserve it  
You deserve it, Future  
You deserve it  
You deserve it  
You deserve it  
You deserve it, Future  
You deserve it

I done paid so many dues, I never lose my cool  
Just the other day, my lil' cousin call me from school and said

You deserve it  
You deserve it  
You deserve it, Future  
You deserve it  
(Turn up)
