

# Side Effects (feat. Emily Warren)

## The Chainsmokers

It's 4 a.m. I don't know where to go  
Everywhere is closed  
I should just go home, yeah  
My feet are taking me to your front door  
I know I shouldn't though  
Heaven only knows That ooh, the side effect  
My loneliness is you Oh, you're all that I want  
No good at giving you up  
Come on and give me some love tonight  
Oh, you're all that I want  
No good at giving you up  
Come on and give me some love tonight  
This happens every time I try to mix  
Decision making with, one too many drinks But ooh, if late night friends have consequences,  
cool yeah Oh, you're all that I want  
No good at giving you up  
Come on and give me some love tonight  
Oh, you're all that I want  
No good at giving you up  
Come on and give me some love tonight Oh, I think about it all the time  
Make it happen in my mind, I'm telling you, yeah  
Oh, you're all that I want  
No good at giving you up  
Come on and give me some love tonight  
Time should've taught me the lesson  
Went looking for a sign, but instead I got a message  
I take off my pride every time we undressing  
Draw the line, I'm by the line, yeah  
Time should've taught me the lesson  
Went looking for a sign, but instead I got a message  
I take off my pride every time we undressing  
Draw the line, I'm by the line Oh, you're all that I want  
No good at giving you up  
Come on and give me some love tonight, yeah  
Oh, you're all that I want  
No good at giving you up  
Come on and give me some love tonight, yeah I, I think about it all the time  
Make it happen in my mind, I'm telling you, yeah  
Oh, you're all that I want  
No good at giving you up  
Come on and give me some love tonight Time should've taught me the lesson  
Went looking for a sign, but instead I got a message

I take off my pride every time we undressing  
Draw the line, I'm by the line, yeah  
Time should've taught me the lesson  
Went looking for a sign, but instead I got a message  
I take off my pride every time we undressing  
Draw the line, I'm by the line, yeah
