

Muzik

Eric Benét

When I'm all alone, I hear your voice, still with me
I can find my way you are with me the one that helps me see
When the air is thin, I'm caving in, it's hard to breathe
I just let you in, so I can find that inner peace
In my darkest hour I run to you to ease my pain
Like laughter that keeps me from going insane
You fortify, lift me up, so I'm feeling strong again
You're the reason why I'm still alive

You're just like music in my life, oh
You take that home and make it right
You've saved my world so many times
You're just like music in my life

You're the perfect song, the perfect time, time and time again
I can lean on you, trust in you, more than any friend
When I'm looking back, on my life, you never left my side
I can count on you, to tell the truth, though it hurts sometimes
You inspire me, never lie to me, you never want to judge
If we share a day, I walk away, feeling showered with love
Even when I don't, you're holding on, you never let me go
Unconditional, spiritual

You're just like music in my life
You feel just like my guiding light
And I've been lost so many times
You're just like music in my life
Just like music
You're just like music
You took my wrong and made it right
Later on, you saved my world so many times
You're just like music in my life

Yeah, like a perfect harmony, your life stays in tune with my heart, ooh
Yeah, you bring out the best in me, and nothing's gonna keep us apart

You're just like music in my life
You take my wrong and make it right
You made it right girl
You've saved my life so many times
You're just like music in my life
You're just like music in my life

You take my wrong and make it right
You've saved my world so many times
You're just like music in my life

You better believe it,..... in my life
I forget about my troubles

I forget about my troubles
I forget about my troubles
I forget about my troubles
I just see you smile
I forget about my troubles
Just take my hand
I forget about my troubles
I forget about my troubles
I forget about my troubles
When I'm feeling down
I forget about my troubles
I forget about my troubles
See your smile
Forget about his troubles
