Check It Out (Single Edit)

[Bobby Womack](#)

Girl, Baby
What gave it away?
You had somethin' on your mind
That you didn't know how to say
How can I love you
If you keep runnin' away?
Doin' everything in my power to make to make you stay
Hey baby, keep runnin' away. Whowwww!!!
Checking out see what I'm all about
And in your mind, you can have no doubt
All ya' gotta do is check it out. Whowwww!!!
Your vibes, baby, lemme tell you about 'em
Is what I kept feelin' inside
I was tryin' to be a stubborn kind of fellow
But I kept holdin' holdin back my pride

How can we make love to each other
If you keep runnin' away?
Doin' everything in my power to make you stay
Hey baby, can't stop runnin' away. Whowwww!!!
Checking me out, see what I'm all about
When you don't have to listen to your friends
Cause you'll find out. all ya' gotta do is check it out Whowwww!!!

Get on down, you'll have to get up
If you want to get down
I'll give you my love
And I'll put it where you want it
But you gotta' stick around

How I can make love to you
If you keep runnin' away?
Whoa
Doin' everything in my power to make to make you stay
Girl pick it up, let it lay, let it lay, let it lay Owwww

Checking out see what I'm all about
And in your mind, you can have no doubt
Have no doubt. all ya' do is check it out Oooohhhhoooowwww!!!
