

Drugs

JUMEX

[Intro]

Yeah, yeah, yeah, yeah

What up?

[Verse 1]

Heartbreak, mistake

Things are getting insane

Better know that I'm not in pain

Hope you can't come back to this place

(Hope you can't come back to this place)

[Pre-Chorus]

Move on (Move on), move on (Move on)

I always run around the cross (Round the cross)

Won't get sick, but I'm getting lost (Getting lost)

Dyed hair green, but I'm still lost

Pop two bars and I'm gonna knock out

[Chorus]

Hate doing drugs, but it's what I love

Rarely still don't have enough

Hate doing drugs, but it's what I love

And that will never be enough

City lights flashin' bright

Will I make it tonight?

Hate doing drugs, but it's what I love

Today I will pray (Today I will pray)

[Interlude]

Ayy, yeah, yeah (SadBoySuffer)

[Verse 2]

Such a disaster, does life even matter?

Such a disaster, does life even matter?

I had no clue where you went

Stuck on the lean and the 'cet (The lean and the 'cet)

Stuck on the lean and the 'cet (The lean and the 'cet)

[Pre-Chorus]

Move on (Move on), move on (Move on)

I always run around the cross (Round the cross)

Won't get sick, but I'm getting lost (Getting lost)

Dyed hair green, but I'm still lost

Pop two bars and I'm gonna knock out

Move on (Move on), move on (Move on)

Pop two bars and I'm gonna knock out

[Chorus]

Hate doing drugs, but it's what I love

Rarely still don't have enough

Hate doing drugs, but it's what I love

And that will never be enough

City lights flashin' bright

Will I make it tonight?

Hate doing drugs, but it's what I love

Today I will pray (Today I will pray)

Hate doing drugs, but it's what I love

Rarely still don't have enough

Hate doing drugs, but it's what I love

And that will never be enough

City lights flashin' bright

Will I make it tonight?

Hate doing drugs, but it's what I love

Today I will pray (Today I will pray)
