

Glitter

BENEE

Everyone else has left now
I bet that disc got you stressed out
Wondering, what can we do now? Baby let it burn out
Where I can't feel my face
Hmm, minds twisted in weird ways
Wondering, what can we do now?
Baby let it burn out Glitter sparkling on your heart
Now, darling, wont you stay?
I'm here wondering what to say
All good, then we err'ing I know it's getting late now, baby
Maybe you should stay here with me
Let's just make it our own party
Stick together like Glitter, Glitter, Glitter, Glitter
Race against the sunlight
Wanna have a long night
Night mysteries, tight mysteries
Under spotlight
Don't let me out of your sight
Two energies, two energies Glitter sparkling on your heart
Now, darling, wont you stay? (ooh)
I'm here wondering what to say
All good, then we err'ing I know it's getting late now, baby
Maybe you should stay here with me
Let's just make it our own party
Stick together like Glitter, Glitter, Glitter, Glitter
I know it's getting late now, baby (late now!)
Maybe you should stay here with me
Let's just make it our own party (party!)
Stick together like Glitter, Glitter, Glitter, Glitter
Everyone else has left now
I bet that disc got you stressed out
Wondering what can we do now?
Baby let it burn out
