

Can't Stop Looking

Cash Cash

[Verse 1]

You're a tease
Hard to please
Why do they always come in threes
A sweet disease
I'm on my knees
I'm looking for a medicine to change my ways
I'm tired of using the door
Oh, I don't even remember anyone after her
She's struck like a curse
And it feels like a blur
Now I'm starting to slur my words just thinking of her

[Hook]

Oh, hey babe
What to do
What to say
When I can't stop lookin'
Hey, hey
Baby, tell me what you're looking for
Yeah, I keep waiting around
And my head hits the ground
And my love keeps on walking away

[Verse 2]

Tell me now
What to say, what to do
I'll change my ways
Just stare and gaze and watch me roll right through this maze
Oh, you're worth the dime
You're worth my time
So loose the guy
And let me try to take you for a ride

[Hook]

Hey babe
What to do
What to say
When I can't stop lookin'
Hey, hey

Baby, tell me what you're looking for
Yeah, I keep waiting around
And my head hits the ground
And my love keeps on walking away

[Hook 2]
Hey babe
What to do
What to say
When I can't stop lookin'
Hey, hey
Baby tell me what you're looking for
Yeah, as you reach for the ground
With my head in the clouds
Just the thought of you dreaming away

[Bridge]
You'll be the sweet song from my lips
Breathing with one kiss
And be the drug tied to my lips

[Hook]
Hey babe
What to do
What to say
When I can't stop lookin'
Hey, hey
Baby, tell me what you're looking for
Yeah, I keep waiting around
And my head hits the ground
And my love keeps on walking away

[Hook 2]
Hey babe
What to do
What to say
When I can't stop lookin'
Hey, hey
Baby tell me what you're looking for
Yeah, as you reach for the ground
With my head in the clouds
Just the thought of you dreaming away
