

Hero/Heroine

Boys Like Girls

It's too late baby, there's no turning around
I've got my hands in my pocket and my head in a cloud
This is how I do When I think about you
I never thought that you could break me apart
I keep a sinister smile and a hold of my heart
You want to get inside Then you can get in line
But not this time Cause you caught me off guard Now I'm running and screaming
I feel like a hero and you are my heroine
I won't try to philosophize
I'll just take a deep breath and I'll look in your eyes
This is how I feel
And it's so surreal I got a closet filled up to the brim
With the ghosts of my past and the skeletons And I don't know why
You'd even try But I won't lie
You caught me off guard
Now I'm running and screaming
I feel like a hero and you are my heroine Do you know that your love is the sweetest sin?
And I feel a weakness coming on
Never felt so good to be so wrong Had my heart on lockdown
And then you turned me around
I'm feeling like a new born child
Every time I get a chance to see you smile It's not complicated
I was so jaded
And you caught me off guard
Now I'm running and screaming
I feel like a hero and you are my heroine
Do you know that your love is the sweetest sin?
(I feel like a hero and you are my heroine)
And I feel a weakness coming on
Never felt so good to be so wrong
Had my heart on lockdown
And then you turned me around
(Do you know that your love is the sweetest sin?)
I'm feeling like a new born child
Every time I get a chance to see you smile
It's not complicated
I was so jaded
(I feel like a hero and you are my heroine)
