

# Champagne High

## Sister Hazel

I wasn't looking for a lifetime with you  
I never thought it would hurt just to hear  
"I do" and "I do"  
And I do a number on myself  
And all that I thought  
To be  
And you'll be the one  
That just left me undone  
By my own,  
Hesitation And for the million hours that we were  
Well I'll smile and remember it all  
Then I'll turn and go  
While your story's completed  
Mine, it's a long way from done  
Well I'm on a champagne high  
Where will I be when I stop wonderin why  
On a champagne high  
High Spring turned to summer  
But then winter turned mean  
The distance seemed right  
At the time it was best  
To leave, and to leave behind  
What I once thought was fine and so real  
To me  
And while I'm still gone  
On the quest for my song  
I'm at your  
Celebration  
And for the million hours that we were  
Well I'll smile and remember it all  
Then I'll turn and go  
While your story's completed  
Mine, it's a long way from done And I'm on a champagne high  
Where will I be when I stop wonderin why?  
On a champagne high  
I'd toast to the future, but that'd be a lie  
On a champagne high, high Your wagons been hitched to a star  
Well now he'll be your thing that's new  
Yeah what little I have you can borrow  
'Cause I'm old, and I'm  
Blue Well, for the million hours that we were  
Well I'll smile and remember it all

Then I'll turn and go  
On a champagne high  
Where will I be when I stop wonderin why  
On a champagne high (so high)  
Toast to the future but that'd be a lie  
On a champagne high  
Where will I be when I stop wonderin why  
On a champagne high... high...  
So high, so high you left me undone  
So high, so high you left me undone...
