

ALL OF YOU SAY

Minzy

Hold it don't chase the door
We should all walk in
and slay the floor
We've been all servin'
looks and the word is out
Thinkin' their time's up
so move it already
We can do it already yeah I feel it when I put it in motion
Breakin' my back to yesterday
Hold it when I bring it down low
I'm off the rose
when all of you say
Burn it up
Wind it up
All of you say
Speed it up
Tear it up
All of you say
Burn it up
Wind it up
All of you say
Speed it up
Tear it up
All of you say
Is there any other way
Than to bust it out
move it round and
throw it in your face
I play to win
you know it's Minz
don't need to make a case
Let's dance again
and let me have it
and then I'll eat the cake
Yeah we can move it already
We can do it already yeah I feel it when I put it in motion
Whippin my wig for all to see
Hold it when I bring it down low
I'm off the rose
when all of you say Burn it up
Wind it up
All of you say

Speed it up
Tear it up
All of you say
Burn it up
Wind it up
All of you say
Speed it up
Tear it up
All of you say Ooh yasss
I am the Boss I am so posh
Step back cuz I am in charge
Honest to God I am so raw
You thought I'm finished
with ya'll nah
This is the Queen
at the finish line
You know I drop clean
when I suicide
You know my face mean
when I'm finna strike
Face me on the other side
Honestlty you know it's like Burn it up
Wind it up
All of you say
Speed it up
Tear it up
All of you say
Burn it up
Wind it up
All of you say
Speed it up
Tear it up
All of you say
