

Falling

Kylie Minogue

Falling in love
Falling in love
Falling in love Kiss the past till it's better
Make it last if you can
Tell me now you regret her
I'll try to understand What was lost can be regained
All the hurt can be healed
There's no need to feel ashamed
You've come back and I feel afraid In fact I'm falling in love, falling in love
Falling in love all over again
I'm falling in love, falling in love
Falling in love all over again
I'm falling in love all over again
I'm falling in love with you Falling
Falling Say goodnight to your bad dreams
Feel no guilt for what's done
Another past has been washed clean
And the day has begun In fact I'm falling in love, falling in love
Falling in love all over again
Falling in love, falling in love
Falling in love all over again Falling in love, falling in love
Falling in love all over again
Falling in love, falling in love
Falling in love all over again
Falling in love with you
Falling in love with you
In love with you
Falling in love with you In love with you
Falling in love with you
In love with you
Falling in love with you I'm falling in love all over again
I'm falling in love with you Again and again you've got me falling
Again and again falling in love
Again and again you've got me falling
Again and again falling in love Again and again you've got me falling
Again and again falling in love
Again and again you've got me falling
Again and again falling in love Again and again you've got me falling
Again and again falling in love
Again and again you've got me falling
Again and again falling in love Again and again you've got me falling
Again and again falling in love

Again and again you've got me falling
Again and again falling in love Again and again you've got me falling
Again and again falling in love
Again and again you've got me falling
Again and again falling in love Again and again you've got me falling
Again and again falling in love
Again and again you've got me falling
Again and again falling in love Again and again you've got me falling
Again and again falling in love
Again and again you've got me falling
Again and again falling in love Falling in love
Falling in love with you
Falling in love
Falling in love with you Falling in love
Falling in love
Falling in love
...
