

Warning

Bugzy Malone

[Chorus]

Warning, get back!
You don't really want to see man get mad
Pineapple Cîroc to the head back
Make man go sleep like jet lag

[Verse 2]

Manna going on gangster lately
Body Season, that's an understatement
Man was brought up on the pavement
Talk to the police, that's God forsaken
Zdot ting so its over-wavey
Man like beef with loads of gravy
You wanna see the promoter pay me
Hundred bags that'll make you lazy
Manna going on sick
Right now it's body season
That means that I'll split a mans wig
(Man are going on cold)
Hold tight all the soldiers that are in militant mode
(Man are going on different)
What's coming out of your speakers a banger, like Sonny Liston
(Man are going on nuts)
Throwing out uppercuts, headbutts, leaving bruises and cuts

[Bridge]

Manna going on gangster lately
Gangster, gangster lately
Gangster lately
Gangster, gangster lately
And your forgetting that gangsters raised me
Gangsters, gangsters raised me
Gangsters raised me
Gangster, Gangster, Gangster

[Chorus]

Warning, get back!
You don't really want to see man get mad

Pineapple Cîroc to the head back
Make man go sleep like jet lag

I said!
Warning, get back!
You don't really want to see man get mad
Pineapple Cîroc to the head back
Make man go sleep like jet lag

(Warning! Manna going on)
(Warning! Manna going on)
(Warning! Manna going on)
(Warning! Manna going on, man are going on)
(Warning! Manna going on)
(Man are going on)

[Chorus]
Warning, get back!
You don't really want to see man get mad
Pineapple Cîroc to the head back
Make man go sleep like jet lag

I said!
Warning, get back!
You don't really want to see man get mad
Pineapple Cîroc to the head back
Make man go sleep like jet lag
