

Keep Going

Syn Cole

We both have thoughts of leaving
When thoughts get thrown around
Are we keep going on believing
And on and on till you're all cried out

'Cause we don't feel like
Throwing it all away
We don't feel like it

But this time it's not about escaping
We don't feel like it
We don't feel like it

'Cause we don't feel like
Throwing it all away
We don't feel like it

We both have thoughts of leaving
When thoughts get thrown around
Are we keep going on believing

And on and on till you're all cried out

'Cause we don't feel like

Throwing it all away

We don't feel like it

But this time it's not about escaping

We don't feel like it

We don't feel like it

'Cause we don't feel like

Throwing it all away

We don't feel like it
