

Evil Spider

BENEE

Baby, you've been threaded through my mind
Wanna wrap you up inside
Crazy, I'ma spin you till you're blind
Roll you up and make you mineWanna tangle up in you
Don't be tempted to escape
Wishin' it was just us two
'Cause she'll make you feel out of place
Wanna tangle up in you
Don't be tempted to escape
Wishin' it was just us two
Just us two
I am a spider
Creep up behind ya
Promise not to bite
Unless you're hurting me
I am a spider
Creep up behind ya
Promise not to bite
Unless you're hurting meKnow I
Have all the ways to reel you in
Delicately, I will spin
Evil, bad intentions on my mind
Got my fangs out, better hide
Wanna tangle up in you
Don't be tempted to escape
Wishin' it was just us two
'Cause she'll make you feel out of place
Wanna tangle up in you
Don't be tempted to escape
Wishin' it was just us two
Just us twoI am a spider
Creep up behind ya
Promise not to bite
Unless you're hurting me
I am a spider
Creep up behind ya
Promise not to bite
Unless you're hurting mePromise not to biteI am a spider
Creep up behind ya
Promise not to bite
Unless you're hurting me
I am a spider

Creep up behind ya
Promise not to bite
Unless you're hurting me
