I know I did not capture it  
It came, it went  
It conquered quick  
I was there and then I quitAwooI know I did not raise a wrist  
I know I did not capture it  
It came, it went  
It conquered quick  
I was there and then I quit  
AwooI know I did not raise a wrist  
I know I did not capture it  
It came, it went  
It conquered quick  
I was there and then I quitAaah

AaahI know I did not raise a wrist  
I know I did not capture it  
It came, it went  
It conquered quick

I know I did not capture it  
It came, it went  
It conquered quick  
I was there and then I quitAwoo
