

# Going Nowhere

## Cut Copy

I can't think straight  
Help me now before it's too late  
Now what do I care?  
'Cause we're going nowhere  
Going nowhere  
Going nowhere  
Going nowhere  
I can go there  
I can go there I can't think straight  
Help me now before it's too late  
Now what do I care?  
'Cause we're going nowhere  
Going nowhere  
Going nowhere  
Going nowhere  
Help me!  
Going nowhere  
Going nowhere  
Going nowhere  
I can go there  
I can go there  
I can go there
