This Actavis by the way I promise, on GodOkay, my money band longer than a Nascar race

I told her keep going on the gas, fuck the brakes

Only here for one night, let me put it on your face

Let a nigga nut, only way I'll go to sleep

Boolin, rockin' all the Frank Muller

I know some hoes with good head, fuck a tutor

So many hundreds I done added, I'm going to lose 'em

Put me in the Jaggy or the Wraith and now I'm coolin'

Play with my money, I'ma let them niggas do you

Play with my money I'ma let them niggas do you

Play with my money I'ma let these niggas do you

Play with my money

Play with my, play with my money

I do maye, I do

I do maye, I do

I do maye, I do

I do maye, I doPlay around with my cash

End up in a body bag

In the store and then dash

Pull up, hopping out a cab

She know she got a nigga bad

She know she gotta keep me back

She know I gotta keep me some cash

She know she gotta hop on top the dick

She know you gotta ride that motherfucker

Her mama done walked in, but it's too big

She can't hide that motherfucker

Even if she divided the motherfucker

Man even if she minused the motherfucker

Join in get demolished motherfucker

I ain't gon' disguise it motherfucker, nah

Shop at Saks Fifth, flow on DatPiff

Yeah I'm that swift, ask her and him

Yeah ask 'em, put a bone in them

Put a choker on 'em, let 'em choke and all

All my jewelry small, yeah, they got it all

Daughter sexy and my son got the broads

Spent racks on my son and his squad

Daddy boy, never play with toys

Better not play with 'em boys

New AK with them boys
 New feng shui with the boys
 Drippin' all day for the boys
 Bitch you ain't ready for the boys
 I'm in that Wraith homeboy
 If you ever play with the boy
 I'ma turn the blade on 'em boys
 I do maye, I do
 I do maye, I do
 I do maye, I do
 I do maye, I do Okay, my money way longer than a Nascar race (slatt)
