

# Don't Stop Me

Wynter Gordon

I can feel it in the air  
I can feel the fire burning  
I wish that you were mine  
But I know I don't deserve it And I'll be okay  
If I make it 'til the morning  
And I wanna scream it out  
That I'm sorry but I'm not Know this feeling is wrong but I don't care  
Now I'm standing alone, got me out here  
And I'm up so high that I can't come down  
All the beats so hot, yeah, beat so loud  
And I'm crying out  
Open up your eyes and see the light  
Let me take you out into the night  
You're giving me the look, you want it  
Uh, you've done it now I'll take you apart and you won't mind  
I can melt your heart, you'll be all mine  
I'ma work it hard 'til you got me, yeah, you got me  
Once you start me, don't stop me  
Don't stop me, don't stop me, don't stop me I can see that you approve so I'm gonna keep it  
coming  
My body's doing maximum, I know you love it  
Now you got me into the groove, this thing is up and running  
Watch me while I'm rolling it, baby, I'm controlling it Work that beat and make me feel so alive  
And I'm never gonna wanna say goodbye  
Got me up in your arms for a while, ah yeah  
Open up your eyes and see the light  
Let me take you out into the night  
You're giving me the look, you want it  
Uh, you've done it now I'll take you apart and you won't mind  
I can melt your heart, you'll be all mine  
I'ma work it hard 'til you got me, yeah, you got me  
Once you start me, don't stop me  
Don't stop me, don't stop me, don't stop me (Come to me, boy)  
I'm gon' leave you wanting more  
(Five, six, seven, eight)  
You gon' make it home late I set you straight, I'll revelate  
I'll demonstrate, I'll regulate  
I'm taking your body up to the party  
A first class flight us and nobody I'll take you apart and you won't mind  
I can melt your heart, you'll be all mine  
I'ma work it hard 'til you got me, yeah, you got me  
Once you start me, don't stop me

Don't stop me, don't stop me, don't stop me
