## Lil Mosey

Uuuuuuum

Yeah, yeah I was broke now a young nigga flexed up  
In a foreign switchin' lanes you can't catch up  
You was hatin' but you switched up cause I'm next up  
I got lean and some forty in my red cup  
Bitches changed and act like I ain't noticed  
Gettin' money nigga that's my main focus  
Wit 223 and you act like you don't know this  
Bro popped a bean man my niggas always rollin'  
Y'all tweaking

Me and KK wok we always geekin'  
Leakin, yeah my fours leave yo body leaking  
I be road runnin' every season  
And I just count the bands, my neck is freezin'  
DJ Dee, linked with southend, we was thuggin'  
Outside totin' ratchets, holdin' on the work we runnin'  
Now we counting bands yeah my niggas always thumbin'  
And we don't give a fuck cause my niggas always drummin'  
I was watching steady plottin', pistol totin'  
Mixing beans with my lean, that shit had me floating  
I was broke now I'm eating, stomach feeling bloated

I been showed you how to flex  
Young nigga wrote it (How to flex)  
I was broke now a young nigga flexed up  
In a foreign switchin' lanes you can't catch up  
You was hatin' but you switched up cause I'm next up  
I got lean and some forty in my red cup  
Bitches changed and act like I ain't noticed  
Gettin' money nigga that's my main focus  
Wit 223 and you act like you don't know this  
Bro popped a bean man my niggas always rollin' I was just a young nigga waiting  
But now we up, no worries, getting faded  
Swear these bitches, they always playing  
Saying i could give a fuck about what you saying  
Grew up fifty avenue  
Tweakers layed up next to dude  
Need a bigger revenue  
So I stayed tryna sell to you  
Niggas always testing me  
So I stay with that 32  
You can't roll with bros and me  
Cause we gon' blast that 22

Yeah, you knew  
I said you knew yeah  
I turn heads when I roll through yeah  
You know I'm with the with the crew yeah  
Circle small so it's just 2, yeah I was broke now a young nigga flexed up  
In a foreign switchin' lanes you can't catch up  
You was hatin' but you switched up cause i'm next up  
I got lean and some forty in my red cup  
Bitches changed and act like I ain't noticed  
Gettin' money nigga that's my main focus  
Wit 223 and you act like you don't know this  
Bro popped a bean man my niggas always rollin'
