

Just Fine (Sam & Cat Theme Song)

Backhouse Mike

[Verse 1]

I'm never that far
No matter where you are
Believe it, we can
Make it come true
We'll do it our way
No matter what they say, yeah
'Cause no one's gonna
Do it for you, hoo-hoo, yeah

[Pre-Chorus]

But I-I-I-I
I'll never say never
As long as we keep it
Together-er-er, oh

[Chorus]

If you're livin' a dream
And you know what it means
Then you can't let 'em change your mind
It's the life that we choose
And we still break the rules
But it's all gonna be just fine

[Verse 2]

And what we all need
Is just to make-believe
Yeah, everything begins when you do-oooh
Just gotta let go
'Cause you already know
That no one else can
Do it like you-oooh-oooh, yeah

[Pre-Chorus]

But I-I-I-I
I'll never say never
As long as we keep it
Together-er-er, oh

[Chorus]

If you're livin' a dream
And you know what it means
Then you can't let 'em change your mind
It's the life that we choose

And we still break the rules
But it's all gonna be just fine
Yeah, we're all gonna
Be just fine, just fine

[Bridge]

And if you're misunderstood
Just take your life
With the good, the bad
It's the times we had
Yeah, we're free-ee-ee-ee

[Chorus]

If you're livin' a dream
And you know what it means
Then you can't let 'em change your mind
It's the life that we choose
And we still break the rules
But it's all gonna
Be just fine, just fine

[Chorus]

If you're livin' a dream
And you know what it means
Then you can't let 'em change your mind
It's the life that we choose
And we still break the rules
But it's all gonna be just fine
Yeah, we're all gonna be just fine
You and me, we're gonna
Be just fine

[Outro]

Hum
