

The People

Knox Brown

[Verse 1]

Am I helping or slowing you down
Can get nothing but bad news right now
Lord forgive me I got you those scars
Lost in the matrix it is all written down

[Hook]

We built the pyramids and still waiting around
That queen Elizabeth crown
Do you hear me
Can you see everything we do instead
He don't lie to the people
With a lie
Somebody could have told us
That we would be [?]

[Verse 2]

I've been awake since good morning
Well baby I caught the rising sun
To you this might not sound important
But I been waiting since two thousand one
Yeah I did what I had to do
Hustling making beats yeah we broke down doors
See I hit em with analogies like like
If you provoke the dog he'll surely bite

[Hook]

We built the pyramids and still waiting around
That queen elizabeth crown
Do you hear me
Can you see everything we do instead
He don't lie to the people
With a lie
Somebody could have told us
That we would be [?]

Don't you wanna be free
Don't you wanna be free
I just wanna be free
I just wanna be free

Don't you wanna be free
Don't you wanna be free
I just wanna
I just wanna
I just wanna be free
