

Good Clean Fun

Cat Power

After this there will be no one
After this there will be no one
After this there will be no one
After this there will be hats on different bodies
After this there will be no more
Beautiful dresses
After this there will be fast castAfter this there will be no one
After this there will be no one
After this there will be no one
After this there will be no more good clean funI forgive you for the rest
Even the whole time I was tested
Nobody does it better
Baby, you're the best
After this there will be no one
After this there will be so many good onesAfter this there will be less interest
After this there will be no one
No one
No oneHey, I'm really down on my luck
Hey, can I have something from you?
But it seems I have nothing to give
It seems you have nothing to giveAfter this there will be no one
After this there will be no one
After this there will be no one
After this there will be no more good clean fun
I forgive you for the rest
Even the whole time I was tested
Nobody does it better
Baby, you're the best
