

# We Break the Dawn

# Michelle Williams

Ooh there's somethin' bout the skylight tonight  
 Something that makes me know everythin's gon' be alright  
 There's somethin' in the way that the stars align  
 There's not a single moment I'm a pass by The hour's now  
     The bass is loud  
     The disco lights  
         Shinin' through the crowd  
 We're holdin' time in our hands and it stops when we say  
         We say  
     And we ain't stoppin' 'til the morning light  
 We gotta hold back the sun, don't let it come  
         Ain't stoppin' for no one  
         The night is young  
         Don't let them turn on the lights  
 Let us decide when they play that last song  
         The night is done  
 When we break the dawn We break the dawn  
         We break the dawn  
         We break the dawn  
 We break the dawn Ooh there somethin' on the surface right now  
 Somethin' the keeps me movin' diggin' deeper down  
     So I just let the speakers speak to me  
 Vibrations movin' on the floor all around  
         The hour's now (yes)  
         The base is loud (yes)  
         The disco lights (yes)  
         Shinin' through the crowd  
 We're holdin' time in our hands and it stops when we say  
 And we ain't stopping 'til the morning light We gotta hold back the sun, don't let it come  
         Ain't stoppin' for no one  
         The night is young  
         Don't let them turn on the lights  
 Let us decide when they play that last song  
         The night is done  
 When we break the dawn We break the dawn  
         We break the dawn  
         We break the dawn  
         We break the dawn  
         We break the dawn  
         We break the dawn  
         We break the dawn  
 We break the dawn The daylight scene never hurt nobody

And if the DJ decides there ain't no more party  
Cause we're turnin' when we're good and ready  
We step outside  
'Til the sunrise  
Wait up and let me...We ain't goin' nowhere  
'Til we good and ready  
Ooooh, break the dawn!We gotta hold back the sun, don't let it come  
Ain't stoppin' for no one  
The night is young  
Don't let them turn on the lights  
Let us decide when they play that last song  
The night is done (keep it goin')We gotta hold back the sun, don't let it come  
Ain't stoppin' for no one  
The night is young (the night is young)  
Don't let them turn on the lights  
Let us decide when they play that last song  
The night is doneWe gotta hold back the sun...We break the dawn  
We break the dawn  
We break the dawn  
We break the dawn  
We break the dawn  
We break the dawn  
We break the dawn  
We break the dawn
