

Don't Do That

Derek King

[Hook]

You got me out here trippin' with the things you do
My girl gon' catch me slippin', hookin' up with you
You set this club on fire with the way you move

That's why I'm textin' you

Girl, don't do that

Hold on, hold on

Girl, don't do that

Hold on, hold on[Verse 1]

2 sips of that mango, a few shots of Patron

1 hit of that Hennessy, will have a bitch goin' off

Gon' work it on that floor, babe, but don't let my main chick know

'Cause the way that she keep it, I can't let me feelings show

[Pre-Hook]

Girl, when you move your body, I go crazy

But I ain't tryna break up with my baby[Hook]

You got me out here trippin' with the things you do

My girl gon' catch me slippin', hookin' up with you

You set this club on fire with the way you move

That's why I'm textin' you

Girl, don't do that

Hold on, hold on

Girl, don't do that

Hold on, hold on[Verse 2]

1:30 in the AM, 2 flicks on my phone

Tryna chill with my breezy, girl, you know you gone

You tryna see me on the late night, but don't let my main chick know

'Cause the way that she keep it, I can't let me feelings show

[Pre-Hook]

Girl, when you move your body, I go crazy

But I ain't tryna break up with my baby[Hook]

You got me out here trippin' with the things you do

My girl gon' catch me slippin', hookin' up with you

You set this club on fire with the way you move

That's why I'm textin' you

Girl, don't do that

Hold on, hold on

Girl, don't do that

Hold on, hold on

Girl, don't do that

Girl, don't do that[Outro]

Don't do that shit

Don't do that to me
Don't do that shit
Don't do that to me
Don't do that shit
Don't do that to me
Don't do that shit
Girl, don't do that
