

BLEACH

BROCKHAMPTON

Who got the feeling?
Tell me why I cry when I feel it
Tell me why
Tell me why
Who got the feeling?
Tell me why I cry when I feel it
Tell me why
Tell me why (why?)Phone ringin', never outgoin', homebody
Never outgoin', put my doubts on when these walls up
Tearin' at the black tie, finish addin' notches to my belt loop
They say help you, I can't help you
Why I can't speak out? Is wide out, wide out
Keep it deep inside my mind, it's off kilter, off kilter
I turn memory to fantasy, for that better pleasure, fuck
Time machine gon' make it better, maybe better for ya
I can't make this up, I can't take it back
Feel like a monster, feel like a dead-head zombie
Feelings you don't want me, I ain't givin' up
You should set if off, tell me, "Time's up"
Let the water run, let my body run
Who got the feeling?
Tell me why I cry when I feel it
Tell me why
Tell me why
Who got the feeling?
Tell me why I cry when I feel it
Tell me why
Tell me why (why)Said she wanna get high off a nigga
I wanna die durin' sex or religion
God and pussy only know my intentions
Wakin' on the tour bus, then I'm swimmin'
You'd be hurtin' if you trust me but you isn't
Honestly, that's probably the right decision
Pick up, listen, if you wanna get rich
No sleep, how real bad man wake up
I found false hope in all kinda places
Hotel rooms and temporary feelin's
I put my clothes on and try to check out
I try to hide from the sun, let it set now
Don't let God see me, I got a lot of demons
And I been sleepin' with 'em
And now I'm tangled in the sheets and sinkin' deeper with 'em

I'm goin' deeper in it, find me drownin' in it
They said, "Do you make mistakes or do you make
a change?"

"Or do you draw the line for when it's better days?"

"You taste the wind for when it's cold enough to kill our flame"

"I wonder who's to blame?"

They ask me, "Do you make mistakes or do you make a change?"

"Or do you draw the line for when it's better days?"

"We taste the wind for when it's cold and not to kill our flame"

"I wonder who's to blame?" "Who got the feeling?"

Tell me why I cry when I feel it

Tell me why

Tell me why

Who got the feeling?

Tell me why I cry when I feel it

Tell me why

Tell me why (why) Everything I have (is a mirror)

And everywhere I stay (isn't solid ground)

People don't make sense (to me anymore)

I'm hidin' out, again

Tryna to figure it out

I'm tryna to figure it out

I'm tryna to figure it out, yeah

I'm tryna to figure it out I forgot my passport

For sure, all for a pretty sky

I forgot my passport

For sure, all for a pretty sky

I forgot my passport

For sure, all for a pretty sky

I forgot my passport

For sure, all for a pretty sky Everything you wear

I need one to care

Softly raised your hair

Hold me and you'll stay young (don't go)

Tell me why

Tell me why
