

Bang

Maddix & Kevu

Bring ya booty, gyal, bring it come
Bring ya booty, bring it right now
Bring ya booty, gyal, bring it come
Bring ya booty, bring it right now

So big, strong, and she heavy
Body look good, face look pretty...

Make the bass go bang bang boom

Bring ya booty, gyal, bring it come
Bring ya booty, bring it right now
Bring ya booty, gyal, bring it come
Bring ya booty, bring it right now

So bring ya booty, bring it come
Badman, you know you want some
Bring ya booty, gyal, bring it come
And when the Ragga Twins hold you

So big, strong, and she heavy
Body look good, face look pretty
So big, strong, and she heavy
Body look good, face look pretty

Make the bass go bang bang boom
