

# Ride

## Cary Brothers

You are everything I wanted  
The scars, all I'll ever know  
If I told you you were right  
Would you take my hand tonight?  
If I told you reasons why  
Would you leave your life and ride?  
And ride  
You saw all my pieces broken  
This darkness that I could never show  
If I told you you were right  
Would you take my hand tonight?  
If I told you the reasons why  
Would you leave your life and ride?  
And ride and ride and ride  
If I told you you were right  
Would you take my hand tonight?  
If I told you the reasons why  
Would you leave your life and ride?  
And ride and ride and ride and ride
