

Insomnia

Stray Kids

When the dark night makes
Everyone sleep, when they fall asleep
I can't sleep because of
So many thoughts
Just expecting to
Come up with an idea
I wait until the
Morning sun wakes all up, wait
When I turn off all the lights
When I set the alarm
When I'm tired
Worries come to my mind
I look back on my day
What am I going to do tomorrow?
What? The alarm rings
It's complicated but
Don't worry about everything
When I wake up
Everything will be gone
It's following me
Even in my dream
But everything will be forgotten
Even if I try to forget them
They appear over and over
I don't want to be
Swayed anymore
Even if I grab the
Sheets and shout
In the end, I wake up again
I can't sleep
So tell me
I stay awake again tonight
Maybe tomorrow night, too
So tell me now, I'll find a way
Tomorrow night, too
There is no other way
I can't sleep
No way all go away
I'm only sleepy at school
What can I do?
Go away
All be quiet

I'll just sleep, shush
I just want you to know
I can't take it anymore
I can't sleep when I have to
So tell me now
Well, it's complicated but
Don't worry about everything
When I wake up
Everything will be gone
It's following me
Even in my dream
But everything will be forgotten
Even if I try to forget them
They appear over and over
I don't want to be
Swayed anymore
Even if I grab the
Sheets and shout
In the end, I wake up again
I can't sleep
So tell me
I stay awake again tonight
Maybe tomorrow night, too
So tell me now, I'll find a way
Tomorrow night, too
There is no other way
I can't sleep
When I open my eyes
In the morning and wake up
I hope I feel more
Relieved than before
Someday I hope it was a night with a good dream
Like the sun sleeping
In the night sky
I want to sleep comfortably
For a brighter tomorrow
I can't sleep
So tell me
So just tell me
I stay awake again tonight
Maybe tomorrow night, too
So tell me now, I'll find a way
Tomorrow night, too
There is no other way
I can't sleep
I can't sleep
