

Found You Out

Sir Sly

[Verse 1]

I'm running tired of this complex
I was jealous, knowing that you wanted more
Are you sure?

How was it?
Did you get it faster?
I hope it's everything you want and more
There's the door

[Chorus]

(Ah-ah-ah-ah-aah)
A taker and a giver
Oh you made me shiver
(Ah-ah-ah-ah-aah)
Couldn't I deliver
Oh I guess I found you out

[Verse 2]

My table didn't need a Judas
Your pride turned you into Brutus now
Oh now
It paid until you couldn't cover
I lost a confidante and lover now
Ooh now

[Chorus]

(Ah-ah-ah-ah-aah)
A taker and a giver
Oh you made me shiver
(Ah-ah-ah-ah-aah)
Couldn't I deliver
Oh I guess I found you

(Ah-ah-ah-ah-aah)
A taker and a giver
Oh you made me shiver
(Ah-ah-ah-ah-aah)
Couldn't I deliver
Oh I guess I found you out
Oh I guess I found you out

[Bridge]

Yeah, I was so sick of it- your lies and selfishness

I'll be the bigger man while you act like you're innocent
No matter where you go, your lies will follow you
You think you're back on the top of the pack
But wolves will swallow you

[Chorus]

(Ah-ah-ah-ah-aah)
A taker and a giver
Oh you made me shiver
(Ah-ah-ah-ah-aah)
Couldn't I deliver
Oh I guess I found you out
Oh I guess I found you out

[Outro]

Now I know we didn't fit
I wish I could've quit
Did having sex with other men make you feel you were relevant?
Just for the hell of it
You made me feel like shit
I fell in love the second that I met you
Now I'm over it
